

# Lawn Mower Winterization

## Sponsored by: Whitehall Ag. Dept-

### Small Engines Class

### October 4-13, 2016

Let us help you take care of your push mower by winterizing it for the year!

Services offered:

- Add fuel stabilizer
- Change oil and replace filter
- Clean undercarriage
- Sharpen blades, if needed

Cost \$10

Winterizing your mower should be a normal maintenance practice in order to make it run more efficient and add life to the engine.

Contact Melinda Goplin, Agriculture Instructor, to schedule a drop off time.
